I have audited the accompanying balance sheets of Draco PCB Public Company Limited as at 31 December 2009 and 2008 and the related statements of income, changes in shareholders' equity and cash flows for the years then ended. The Company's management is responsible for the correctness and completeness of information presented in these financial statements. My responsibility is to issue a report on these financial statements based on my audits.

I conducted my audits in accordance with the generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. I believe that my audits provide a reasonable basis for my opinion.
